## **MINUTES OF MEMBERS' MEETING HELD 7.30PM ON WED 22 JUNE 2004 IN THE EXECUTIVE SUITE, LONDON ROAD.**

PRESENT: Leigh Porter (LP), Richard Bellamy (RB), Barry Bennett (BB), Keith Jennings (KJ), John Henson (JH), Peter Lloyd (PL), Gill Williams (GW), Peter Williams (PW) and 12 members. APOLOGIES: Nigel Cowling, Emma Cowling, Dave Colbert, Ron Seaton, David Cox, Jon King.

In welcoming members, Leigh Porter regretted the unfortunate clash with the supporters' club AGM elsewhere in the building and explained that the Trust's Members' Meeting had been arranged a considerable time ago, as soon as the date of the PUFC AGM had been known.

### **PUFC AGM**

For the report on the PUFC AGM (held on 21 June), LP handed over to Peter Lloyd, the Trust director responsible for financial affairs. He advised that the AGM proper had lasted 8 minutes, but that questions had continued for another half-hour. PL explained that the Trust had submitted to the PUFC board ahead of the AGM a list of ten questions (plus 13 supplementaries). This seemed to be the best way of obtaining a complete set of answers. [The full list of questions, which was distributed to the members present at the meeting, is posted on the Trust web site.]

PL advised that most of the questions related to the following points:

1. The transfer of ownership of PUFC Ltd to the Wetmore Foundation and the subsequent separation of the football club from the property assets of the stadium and surrounding land.
2. The new financial structure of the club controlled by the "B" shares of Peterborough United Holdings Ltd (PUHL).

These questions had been asked because the Trust's lack of understanding of these issues was affecting its ability to support the club by purchasing further shares in the way it had done in the past. It was agreed that PL and other members of the Trust Board would run through all the questions with John Magee, the Secretary of Peterborough United FC, in a separate meeting immediately after the AGM.

John had confirmed that no property valuation had been carried out at the time of the transfer of ownership. There appeared to be some uncertainty about the exact rights of the "B" shares in PUHL and any arrangements or rights that might be in place between PUHL and Barry Fry, who was apparently the sole owner of the "B" shares. Although Barry had the right to transfer his rights in these shares, this might affect the football club's agreements with PUHL.

PL went on to explain that PUFC Ltd (in which the Trust owned shares) would continue as the entity in which the football club operated and would still produce annual accounts. It was expected that the Financial Statement for the year ended 31 May 2004 would be available by October and that the next club AGM would be held soon after. Certain of the Trust's questions relating to the financial structure of the club in its current form (i.e. excluding the property assets) were deferred when it was explained that the picture would become clearer in the next set of accounts. Any further questions could then be raised at the AGM.

## **Questions**

PL then invited questions and comments on the information that had come to light in the 2002 and 2003 Financial Statements and at the club AGM. These ranged from the penalties and surcharges referred to in the 2003 accounts, through the valuation of the fixed assets to the ownership of the car parks and other property.

The questions and discussion led on from PUFC matters to the Trust, its policies and future role in the light of changes at PUFC. LP advised that (apart from 391 donated by well-wishers) the only shares acquired by the Trust had been 1,000 received in return for the donation of £2,000 towards the refurbishment of the floodlights. He explained that the Trust had received no payment (e g in the form of shares) for the 462 man-hours of work carried out by the Trust Board members in the Club Shop in season 2003/04. He confirmed that the Trust Board had wanted to understand the mechanics of the club/ground split before recommending to the membership any change in the policy regarding the purchase of further shares. Their value had been diluted by the loss of the property assets (albeit balanced by a transfer of the debts to PUHL), but some of the Trust's fundamental questions would still not be answered until October at the earliest.

## **Community Clubs**

With the aid of slides Peter Lloyd gave a presentation on the progress being made by supporters' trusts around the country, highlighting the ways in which a number of clubs controlled by trusts were transforming themselves into hubs of their local communities. He referred in particular to Swansea, Chesterfield, Notts County and Brentford, where all sorts of innovative ventures were being undertaken to make the clubs more accessible to the public. By using the power and popularity of the national game these clubs were promoting a wide range of initiatives in the fields of neighbourhood renewal, health, education and crime prevention, as well as being effective fund-raisers for clubs and trusts.

In stating that Football in the Community (FIC) played an important part in the work being done by many clubs in these fields, PL handed over to John Henson, who explained why the Trust wanted FIC to be resurrected in Peterborough, preferably in conjunction with PUFC and the City Council. JH referred to the ground-breaking schemes at Brentford, which catered for 30,000 children, and Notts County, where there were now 17 staff and an annual 'turnover' of £400,000. By participating in initiatives like these, trust-controlled football clubs could access grant-aid and sponsorship from a whole range of national and regional organisations.

PL then outlined the Trust's plans to build relationships with local businesses and organisations in order to put in place a network of potential partners ready to purchase the club if the opportunity arose. Summarising, PL referred to the coming of democracy in football and the concept of community ownership, for which all sorts of funding was available.

**The Trust thanks all those who attended, in particular Mick Robinson for his traditional quiz at the end of the evening.**

**For those who would like to test their knowledge of Posh's 2003/04 season, the quiz questions (and answers) have been posted on the Trust website.**

They are all fully kitted-out in shirts, shorts, socks and weatherproofs, with extra bibs to avoid colour clashes. The kit was sponsored by Waller, Needham & Green Solicitors, whom we thank once again.

### **FOOTBALL PROGRAMME SERVICE**

Once again we will be selling football programmes. We have a huge stock of Posh home and away programmes from the 1960s through to 2002/03 and a large selection of other clubs' programmes not involving matches with Posh.

If you have gaps in your collection, place an order at our counter in the Club Shop or our stall in the Family Stand, or write to us, or send a message to our website. With a few exceptions for particularly rare items, prices are: 1950s £3.50, 1960s £2.50; 1970s £1.50; 1980s £1.25, 1990s to 2002/03 £1, all less 20% for Trust members. We also sell bags of assorted programmes (with a face value of more than £10) for 50p and £1.

If you have programmes that are surplus to your requirements, please donate them to The Posh Supporters' Trust.

### **FOOTBALL BOOKS REQUIRED**

If you have any surplus football books in your house, why not bring them to our counter in the Club Shop before a match or to a Members' Meeting? We will be happy to sell them to raise funds for the Trust.

### **CAN YOU SPONSOR OUR ANNUAL AUDIT?**

As an Industrial and Provident Society The Posh Supporters' Trust has to be audited every twelve months. We are still seeking sponsorship of the audit fee, which will be in excess of £200. If you can help, please make contact with Peter Williams or Richard Bellamy at the Trust.

### **DO YOU SHOP AT WESTGATE HOUSE?**

All Trust members (and non-members) are invited to request that dividends on purchases at Westgate Department Stores, AHF Home Furnishing Superstores and Westgate Optical be credited to the Trust's account number 473432. Every little helps our fundraising. Thank you!

# **TRUST BUILDS A CASH RESERVE**

In the 19 months since it was established The Posh Supporters' Trust has built up a cash reserve of almost £15,000. In addition to regular income from subscription renewals, donations and merchandising, the Gold Bond Super Draw now generates over £1,000 a month towards our funds. Whilst we are proud of what we have achieved so far, the Trust is not in relative terms cash-rich. Only where football clubs have been in crisis – York, Chesterfield, Cambridge, Telford etc – have supporters' trusts managed to raise the huge sums necessary to purchase a significant shareholding or incur necessary legal costs.

Out of a total revenue of £25,000 since the Trust began, subscriptions have accounted for £9,800, donations £4,250, events, raffles and auctions £4,800, bucket collections £1375 and merchandising £1,500. Since its launch in January Gold Bond has contributed £3,500.

The main items of regular expenditure have been printing (£1,600), postage and stationery (£1,100) – unavoidable costs incurred in communicating with our members. Whilst our merchandise (mugs, pencils and legend cards) have cost us £1,150, we have now covered our costs and all sales are pure profit. Our biggest outlays have been £2,550 for the Launch Evening on 10 March 2003 and £2,000 in respect of the refurbishment of the floodlights. However, it is important to note that well over 50% of the launch costs were covered by sponsorship and that our donation to the floodlight fund secured us 1,000 shares in Peterborough United FC.

The financial year of the Posh Supporters' Trust ended on 30 June 2004. The accounts are being audited and will be presented in full to the members at our Annual General Meeting on 6th September 2004.

## **Help us raise Additional Cash Reserves!** **JOIN OUR GOLD BOND SCHEME NOW!**

All funds generated through subscriptions, donations, functions, merchandise and our new Gold Bond Super Draw are banked in pursuit of our aims. These funds will only be utilized when democratically decided by our membership.

# **NEWS FROM THE TRUST WORLD**

## **DARLINGTON**

The crisis that had gripped Darlington FC throughout the 2003/04 season came to an end in May, when the club was bought by Sterling Group. Recognising the need for the fans' voice to be heard, the new owners invited Darlington Supporters' Trust to join the board of the club. Trust chairman Tony Taylor said: "An objective of any supporters' trust is to achieve fans' representation. A few months ago that seemed an almost impossible dream, but now it is becoming a reality, fans can and will have a significant input into the future of the football club."

In January the trust had launched a crisis fund, to become part of a consortium of local businessmen aiming to take over the club. That raised £55,000, but because Sterling has not asked the trust to contribute any money, it remains in the bank for the time being. The trust, which now boasts 1,400 members, will decide in due course how the funds should be used to benefit the club.

Darlington became the 38<sup>th</sup> trust to secure supporter representation on the football club board. Until the members elect their representative Peter Ashmore, the trust treasurer, will continue to liaise with Sterling.

We look forward to meeting members of the trust when Posh play Darlington on Saturday, 31 July.

## **TELFORD UNITED**

History was made when Telford United folded in May, because it became the first club that a supporters' trust had failed to save. Despite heroic efforts by the Telford trust, Supporters Direct and members of other supporters' trusts, the club went into liquidation and immediately lost its position in the Football Conference. It had debts totalling £6.5m. Telford had been owned by long-time fan Andy Shaw, who had invested around £20m in rebuilding the New Bucks Head Stadium and recruiting former Posh manager Mick Jones to create a squad capable of achieving Football league status. When his business empire collapsed, the club went down with him.

However, out of the ashes of Telford United a new club, AFC Telford United, has been launched by the supporters' trust. It has a kitty of £55,000 and pledges of season ticket sales in excess of 300 – 100 more than were sold in season 2003/04. The FA, local council and the Bank of Scotland have indicated that they will be prepared to allow AFC Telford to play at New Bucks Head. In June the FA Leagues Systems Committee voted to allocate a place in the Unibond League Division 1, three levels below the Conference. This was followed by news that the club would be able to compete in next season's FA Cup and FA Trophy. The new club is now aiming for two back-to-back promotions to reach Conference Two.

## **BRADFORD CITY**

The latest club in a severe state of crisis is Bradford City. While the administrators have been giving the owner, Gordon Gibb, an ultimatum to agree to a deferral of the rent on the ground, the Bradford City Supporters' Trust has been working tirelessly alongside the administrators, fellow fans, local businesses and politicians to ensure that the club survives. Recently the trust raised £250,000 in a month. Its chairman, Mark Boocock said: "As a trust that is representing thousands of City fans out there, it is our intention to make sure that we are a future partner in the football club." The trust has been pursuing ideas to secure the future of the club at its historic home and has discussed with the council the possibility of a "stadium trust", an idea pioneered in nearby Halifax. Here it is planned that a partnership between Halifax Town Trust, Halifax RLFC Trust, Halifax Town FC, Halifax Rugby League Club and Calderdale Council will secure the future of the football and rugby league clubs through a not-for-profit vehicle.

For the record, Posh are due to play their first away match of the 2004/05 season against Bradford City at Valley Parade on 10 August.
